Commissioner for Patents**Response to Amendment**

The reply filed on November 14, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Initially file claims called for a compound, which was not necessarily a polymer, could be an oligomer and just a compound, since the molecular weight was not defined. Amended claims call for an "antireflective coating polymer", which if initially presented would have been even classified in a different class, as a coating compound, and such amendment changes the scope of the claim, since it call for a) a polymer, and b) a coating polymer. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
